---------	--	-----------

A

### A. Laser stars

- Transform ceilings and walls into bright galaxies filled with stimulatingly relaxing glowing stars. The Laser Star projector makes a perfect night light in bedrooms or portal to dreamy relaxation in dark or calming rooms
- Starry Eyed: Create a starry night whenever or whenever you like, in seconds. Plug in the Laser Stars projector to see dazzling stars shoot across your walls and ceilings – perfect for dreamy visual stimulation
- Small But Powerful: Whether you're looking to project galaxies onto your bedroom wall or across a whole hall – the Laser Star projector will paint beautifully bright constellations for you to enjoy their calming movement and stimulating visuals
- Energy Saver: After two hours, the Laser Star projector will automatically switch itself off, saving energy and conserving the glowing power of the green lasers inside the projector
- **Great For:** Autism, Kids and Adults, Visual Stimulation, Bedtime Routines, Calming, Dark Rooms, Sensory at Home, Sensory Bedrooms, Care Homes, Classrooms

Y310810

£169.00

B

### B. RGB moving dots light effect

- The tabletop RGB Moving Dots Light Effect creates a stimulating light show in a darkened space that calms and distracts users
- 6 x 1W LEDs produce an array of coloured beams that are diverted through a rippled dome, creating a dynamic ceiling display with a sound-sensitive auto sequence
- Its compact size makes it practical for home environments, allowing you to quickly create a sensory space in a matter of seconds
- The dome can also be fixed to a wall or ceiling for a more permanent sensory fixture
- Size: 17.5 x 17 x 14cm

Y310812

£92.00

C

### C. LED UV light panel

- A sturdy and powerful LED UV light that can be fitted to a wall or ceiling
- Reacts to UV sensory resources transforming their colours into an electric neon glow, perfect for building visual and tracking skills
- Size: 9.8 x 51.2 x 5.2cm (with brackets), 5.2 x 47.8 x 5.2cm (without brackets)

Y310813

£262.00

### A. Large sound & light panel

- The sound-sensitive Large Sound & Light Panel panel is controlled by the sounds that you make. Clap, sing, stomp and explore the 13 different play modes and their stimulating colours and effects
- Ideal for active and calming sensory environments
- Size: H120 x W60 x D8cm

Y310811 £1,395.00

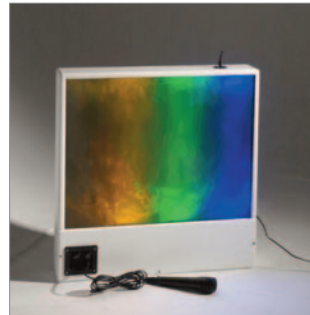

A

### B. Sound & light panel

- Get visually stimulated with our sound sensitive sound and light panel that lights up certain colours depending on the pitch of the noise made, which will encourage the user to be more vocal. This is a fantastic cause and effect product that will keep the user intrigued for hours. It can be activated by either music or voice and there is a microphone and a sound sensitivity control included.
- You can decide how bright the lights are by the volume of the sounds you make. Each colour represents a different pitch. The deepest bass sounds glow red, higher pitched sounds illuminate orange, yellow, green and finally blue and purple for the treble. The brightness of the lights varies with the volume of the sound.
- Size: L24" x W24" x H4"

Y310849 £966.00

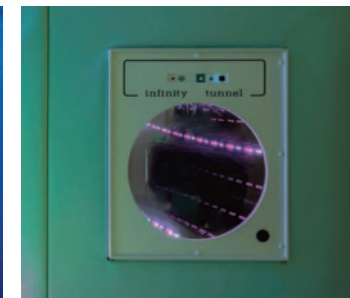

B

### C. Infinity tunnel

- A sound-sensitive illusion that gives an impression of infinite depth, creating a stimulating sensory experience with two different modes for interactive or calming play
- Interactive mode: different sounds make different colours and patterns, so experiment with your voice, learn more about cause-and-effect, and create a visual light show
- Calm mode: sit back, relax and passively enjoy the automatic light show.
- Build confidence and communication skills, talk, sing or shout and watch as the tunnel illuminates in ever-changing sensory light
- Explore tactile senses by touching the screen, and watch as the light in the tunnel bends and warps
- Easy to clean and can be simply installed on walls in sensory rooms. Get in touch for more information
- Size: 72 x 60 x 11 cm.

Y310848 £1,049.00

A

### A. Solar 250 LED projector

- Projects your brightest dreams across rooms and onto walls. An extremely bright projector with its 2000 Lumen light capacity, and also energy-saving and easy to set up
- LED technology means the projector doesn't get too hot, leaving it safe to touch, while the absence of a motor removes any distracting humming noises.
- \*To complete the Solar 250 LED Projector, you will need a Magnetic Wheel Rotator and additional Effect Wheels.
- Choose your View: The Solar Projector supports over 200 different types of effect wheels, from adventurous themes, blooming flowers, stimulating liquid patterns and customisable magnetic effects – project a view that best suits you.
- Cool Energy Saver: Specially designed to use as little energy as possible. Any energy that may have been lost to heat is instead channelled into the brilliant bright white light that's projected onto your walls, floors or ceilings. Perfect for anyone who's environmentally conscious.
- Portable Projector: This projector is powerful, robust and compact, allowing you to use it in whatever environment best suits you. Create a permanent fixture by hanging it from your wall or ceiling, or move it from room to room and let it stand tall on its own
- What else is needed?  
Magnetic Wheel Rotator  
Effect Wheels
- Ideal For: Autism, Dementia, Distraction, Visual Stimulation, Calming Rooms, Care Homes, Sensory Bedrooms, Hospitals, Sensory Rooms

Y310819

£467.00

B

### B. Magnetic 6" effect wheel rotator

- Have you found the perfect magnetic effect wheel for your Solar Projector? You'll need this extra add on for it to work
- Opposites Attract: You can easily attach and remove the Magnetic Wheel Rotator from your Solar Projector, allowing you to switch between standard and magnetic effect wheels
- **What else is needed?**  
Solar Projector  
Magnetic Effect Wheels
- Magnetic 6" Effect Wheel Rotator to be used alongside our projectors for a stimulating and distracting visual experience

Y310820

£58.00

### C. Pack of 3 magnetic 6" effect wheels

- 3 Magnetic effect wheels for use with the Solar projectors

Y310818

£118.00

A

C

D

**A. Interactive light source**

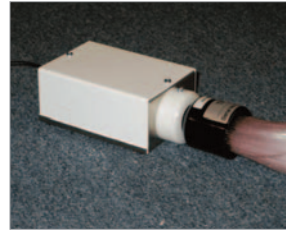

- A colour-changing light source that is compact, quiet, lightweight, and compatible with our range of fibre optics
- The colours of the light source will change automatically, but if you'd like to interact with the fibre optics, they're compatible with all of our colour controllers too
- 16 colour modes to choose from - perfect for building colour recognition, sensory preferences and a mood-lit atmosphere
- Colour Controllers aren't included and will need to be bought separately

Y310830 £384.00

**B. Sparkle light source**

- Quiet, cool and long-lasting (approximately 50,000 hours)
- Colour wheel gives the popular sparkle effect for use with our full fibre optic range
- Automatically cycles through 16 different sensory colours, creating a calming, mood-inducing sensory environment
- If you'd like an interactive fibre optic experience, we'd recommend using the Interactive Light Source

Y310855 £221.00

**C. Ladder lights**

- Interactive rainbow Ladder Lights are a fantastic celebration of sound and colour
- Use your voice and light up the rungs of the ladder the louder you are, the brighter it will shine. Experiment with sound, volume and pitch by illuminating the ten coloured rungs, and alternate play by switching between the seven stimulating lighting modes for hours of sensory fun
- Ladder Lights are a favourite amongst speech therapists, as the panel encourages vocalisation, breath control and self-confidence. They stimulate visual senses as the ladder illuminates, and demonstrate the mechanics of cause and effect as sounds turn into colourful light
- Easy to install and can be safely embedded into safety padding, and mains powered
- Size: 107 x 38 x 20cm.

Y310850 £1,485.00

**D. Light source wall holder**

- Protect your light source and create a new sensory fibre optic feature
- Creates a secure space for you to keep your fibre optic light sources out of harm's way
- The holders have a mirrored front that beautifully reflects the colours and lights from the fibre optics and seamlessly integrates the light source into sensory rooms
- Hang the wall holder at any height on the wall, higher up to create a shimmering waterfall effect, or lower down for personal, up-close sensory exploration sessions
- Note: Light source and fibre optic tails are not included.

Y310840 £131.00

A

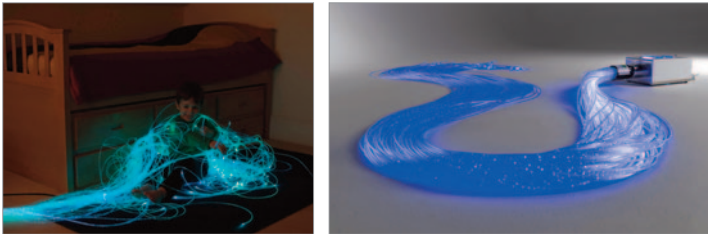

### A. Fibre optic curtain

- A calming, shimmering 1m wide curtain of fibre optics - hang it above beds or beanbags and let users lie back and relax under the twinkling lights, or use it as a magical entrance to your sensory space, where users need to push the tails aside to enter the room
- The fibre optics automatically rotate through a rainbow of stimulating colours, acting as calming, passive stimulation. Although if you'd like more of an active session, you could connect an interactive light source to the curtain and control the fibre optics through a handy colour controller
- Calming visual and tactile stimulation, perfect for Sensory Rooms, Calming Spaces and Sensory Bedrooms.
- Includes an integrated light source
- Safe to touch, easy to wipe clean, robust strands, encourages an increased attention span, glowing visual stimulation

Y310853

£789.00

B

### B. Fibre optic side glow - 100 tails 2m

- A beautiful spray of acrylic fibre optic tails that glow, sparkle and change colours creating a distracting and calming sensory experience
- Safe to touch, they let the user actively explore their tactile senses, they passively glow through a rainbow of sensory colours creating a dreamy visual effect, and they're long enough to drape over your body for intimate and personal sensory sessions
- For a more interactive experience, you can use an interactive light source to control the colours of the fibre optics to match your mood.
- Safe to touch
- Easy to wipe clean
- Robust strands
- Encourages an increased attention span
- Glowing visual stimulation
- This fibre optic core has 100 tails that are 2m long.  
Please Note: This product requires a fibre optic light source

Y310854

£173.00

C

### C. UV carpet

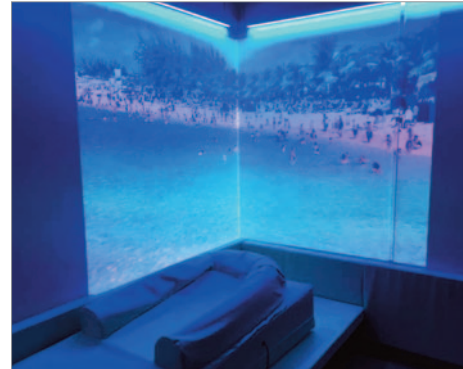

- Specially designed for use in sensory environments where there is a requirement for its striking, high-impact design. It really comes to life in areas which utilise UV black light, where the special light-reactive neon yarns appear to glow as if lit from underneath
- Made from 100% cut-pile nylon with a pile weight of 100g/m<sup>2</sup> and is heavy contract rated. It can be ordered to fit a whole or a section of a room or area
- UV mats are also available on request
- Priced per metre square
- Minimum Width: 4m

Y310847

£79.00

**A. MSE Genie TV control**

- The MSE App bundle has been created to make installation, set up, and play as simple as possible
- The bundle includes Apple TV and the MSE TV App – as well as a projector, the only extra you'll need is an iPad, from which you'll be able to control the room's lights, sounds and elements
- With one tap on the MSE App, you can transform your room with an incredibly immersive theme. For example, pressing the blue button will transport you into the depths of the ocean your sensory resources will glow a bright blue, whales will elegantly swim across your projector screen, and the calming sounds of the sea will resonate through the speakers
- Get in touch to find out more

Y310836 £539.00

**B. LED wall wash**

- Using the very latest LED technology these length of LED's can be mounted on a wall or ceiling, washing an area with bright intense colours
- Can be used for theming a room or to help develop a knowledge of colour and colour recognition
- They are best used along the length of a wall
- The colours can change through the colour spectrum or can be interactive being compatible with our colour control switches
- Colour Controllers sold separately and will require a wireless remote control to power
- Price per metre

Y310825 £215.00

**C. Combined MSE Genie wall wash control driver**

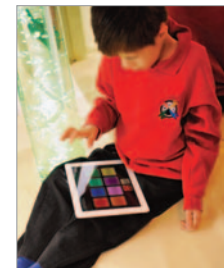

- An App that allows you to centrally control all of your sensory equipment from an iPad. The MSE App is free and has a user-friendly interface with bright colours and large buttons to make play inclusive and accessible
- You can introduce MSE App Control into your sensory room at any point without the need for the MSE Apple TV Bundle. With the help of a few interactive receivers, you can wirelessly control all of your interactive sensory resources at the touch of a button.
- The app is available to download from the Apple App Store onto an iPhone or iPad, transforming it into an easy-to-use sensory room control system.

Y310856 £227.00

**D. Combined MSE Genie app receiver**

- Plugging this into your bubble tube will make it compatible with the MSE Genie app.

Y310857 £205.00

### A. Interactive hurricane column

- A waterless beacon of colourful bubbles! Our Interactive Hurricane Tubes are great for relaxation and creating calming spaces. When used in a darkened room, the tube's lights will cycle brightly through a rainbow of colours, offering a brilliantly calming visual effect. What's best is that you can grab a colour controller and light the tube up in a colour that reflects your mood with our interactive columns.
- Our Hurricane Tubes differ from our Bubble Tubes as they are waterless. Instead of water, a fan system blows a flurry of small polystyrene balls throughout the tube, creating a similarly mesmerising visual effect. What's best is that they require less upkeep, and there's also a reduced chance of creating any mess.
- Compact and Tall: Just like The Shard, this column makes a big impression without wasting space. Its compact base makes it useful for smaller spaces, as it fits comfortably in any Sensory Room, Bedroom or Clinical environment
- A Calming Presence: The column's mesmerising LEDs perfectly complement the brilliant bubbling effects, drawing the attention of even the most distracted pair of eyes. They provide a sensory remedy for those who might be experiencing an emotional or sensory overload
- Interactive: Use colour controllers to change the tube's colours or a switch to affect the speed of the beads floating around the column
- Maintenance Free: Hurricane Tubes offer the same visual spectacle as their Bubbly counterparts, just without the water, making them a lot easier to maintain. The outside of the tube is easy to wipe clean, perfect for hospital wards or schools, where infection control is paramount
- Includes power adaptor

#### Great for:

Children and Adults  
Distraction  
Visual Stimulation  
Autism  
Dementia

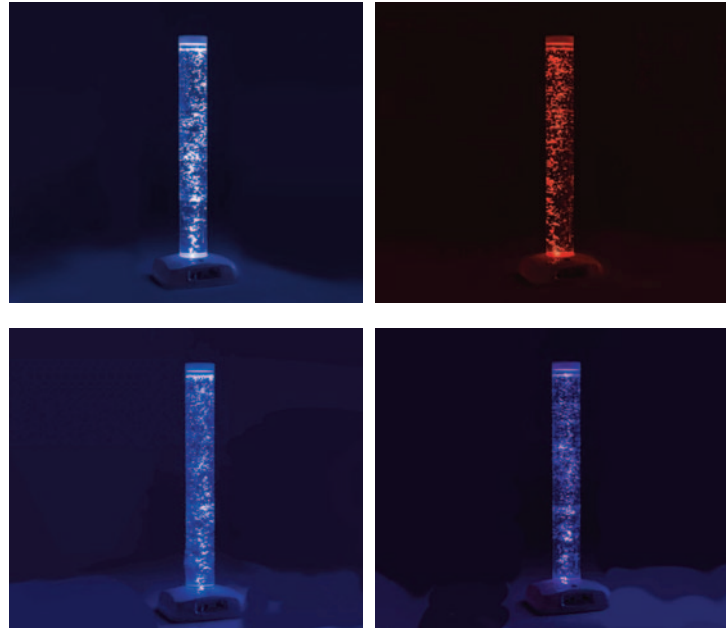

#### Perfect for:

Multisensory Environments  
Dark Rooms  
Hospitals  
Quiet Rooms  
Sensory Bedrooms

Y310837	120cm	£999.00
Y310838	175cm	£1049.00

**A. Interactive bubble column**

- Interactive Bubble Tubes create a brilliantly bubbly, immersive, visual, tactile, and auditory experience illuminating sensory rooms, corners and spaces in beautifully stimulating sensory light! It's a particularly effective resource for children with special needs, disabilities and sensory processing disorders
- Choose to watch the bright LED lights cycle through the entire colour spectrum or take control with a colour controller and pick a colour that suits your mood Develop cause and effect skills whilst promoting colour recognition
- Tough, durable and powered by low voltage, bubble tubes can also be moved easily from space to space for simplicity of use
- **Benefits:**
  - Versatile: visual, tactile and auditory experience
  - Simple to use: all equipment is easy to operate
  - Interactive: allows the user to control their own environment
  - Effective: develops cause and effect skills
  - Powerful: promotes colour recognition
- **Applications**
  - An excellent addition to sensory rooms
  - Suitable for hospital environments
  - Designed for schools and educational establishments
  - Ideal for use in care and nursing homes.
  - Can also be used in the home
- **Suitable For:**
  - Users of all ages
  - Distraction
  - Visual, sound and touch-based stimulation
  - Calm and relaxation
  - Users with autism
  - Users needing interaction
- Explore our full Bubble Tube collection!
- Please Note: Bubble Tube Additive does not come with the purchase of our Bubble Tubes and will need to be bought separately.

B

C

A

### A. Bubble column additive

- Our Bubble Tube Additive helps extend your bubble tube's cleaning cycle while also protecting against infection risks

Y310801

£39.00

B

### B. De-ionised water 25 litre

- De-ionised water is free from minerals and other contaminants, reducing salt build-up and corrosion inside your bubble tube and reducing the need for frequent water changes.
- 175cm Columns require approximately 45 litres of water
- With de-ionised water, you'll only have to change your bubble water every three months

Y310839

£32.00

C

### C. Bubble column podiums

- A podium creates a comfortable padded seat around a Bubble Tube or a Hurricane Column, allowing users to get close and experience their senses fully.
- Podiums safely house columns behind a padded wooden base and reflect their dazzling colours and visual effects with an acrylic mirror surround.
- Built to order, our bubble tube podiums are available in a variety of colours, shapes and sizes and can be custom-made to fit your space comfortably
- Creates a stunning bubble tube experience
- Safely houses columns, keeping them safe from knocks or spills
- Built to order & available in a wide range of colours, shapes and sizes
- For more information, please get in touch with our friendly sensory team

### Bubble walls

- An uplifting, bright, bubbling spectacular! Interactive Bubble Walls are the perfect alternative to a Bubble Tube in sensory spaces with limited floor space, as they sit directly on top of walls just like an interactive piece of art.
- Bubble Walls are portraits of imagination and relaxation. Strong, practical and easy to clean, they provide enriching visual, tactile and auditory stimulation. There's a reason why they're a must-have for any

multisensory environment.

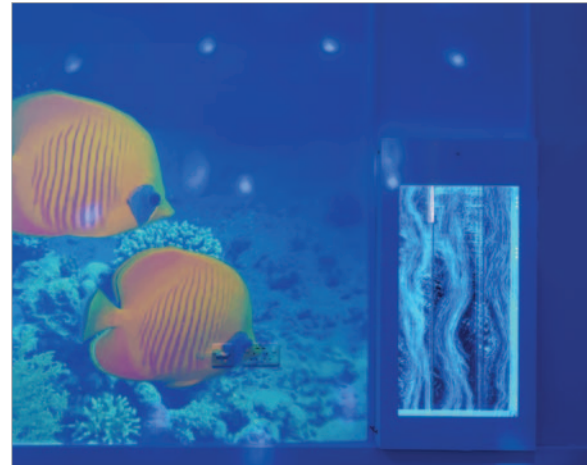

- Interact with the Bubble Wall in the way that best suits you. Press your hands against the wall's frame and feel the soft vibrations of the bubbles, or sit back in a comfy beanbag and relax whilst watching the rainbow of everchanging colours
- **Great for:** Children and Adults, Distraction, Visual Stimulation, Autism, Dementia, Multisensory Environments, Dark Rooms, Quiet Rooms, Waiting Rooms, Namaste Rooms, Calming Rooms

### A. Interactive bubble wall

- \*To interact with the Bubble Wall, you'll need a colour controller cube, colour controller buttons or an MSE receiver - get in touch for more information :)
- Floating Bubbles: Bubble Walls are installed high off the ground, giving you more freedom and floor space. It's a great Bubble Column alternative for active environments and spaces with limited floor space.
- A Calming Presence: The column's mesmerising LEDs perfectly complement the brilliant bubbling effects, drawing the attention of even the most distracted pair of eyes. They provide a sensory remedy for those who might be experiencing an emotional or sensory overload.
- Robust and Easy to Clean: Bubble Walls are made from hard-wearing plastic that's great for interactive sensory sessions. It's also easy to clean, making it perfect for shared use in busy environments like hospital wards or schools where infection control is paramount.
- Interactive Art: Immerse yourself in the sensory fun by interacting with the Bubble Wall. Choose the colour of the wall and affect the speed of the bubbles.

Y310823

£1,925.00

A

### B. Active bubble wall

- Floating Bubbles: Bubble Walls are installed high off the ground, giving you more freedom and floor space. It can be a great alternative for a Bubble Column in spaces where floor space is limited or in more active environments.
- A Calming Presence: The column's mesmerising LEDs perfectly complement the brilliant bubbling effects, drawing the attention of even the most distracted pair of eyes. They provide a sensory remedy for those who might be experiencing an emotional or sensory overload.
- Robust and Easy to Clean: The Bubble Wall is made from hard wearing plastic that is great for interactive sensory sessions. It's also easy clean, making it perfect for shared use in busy environments like hospital wards, or schools where infection control is paramount.
- Bubbling Rainbows: The Active Bubble Wall automatically cycles through the colour spectrum, providing a rainbow of relaxing visual stimulation

# Rapid Recall A3 Whiteboard Kits

Rapid Recall Whiteboards have been designed to promote discussion, maintain fluency, and develop mastery in Primary Maths.

**Year 6,**  
**Pack of 15**  
(534341 shown)

ONLY  
**£107.00**

**PACK OF 15**

**Double Sided**

**Using the Rapid Recall Whiteboards is as easy as 1, 2, 3!**

**1** Every board has a specified range of numbers in the top left-hand corner under a colourful shape. Pick a number from this range and tell students to write this number every time they see the shape.

**2** Fill out the board! Students can work alone, in pairs, against the clock, or even as a whole class to answer all the questions.

**3** Mark them! Marking the board is a great opportunity to see where the gaps in a student's knowledge are.

Easy-to-use
